== Behavioral change among the girls helped avert rape based on the counseling given by the mentors
== Aisha Married at the age of 13 now divorced at age 16 and now has discovered herself and back to school
== Jemila Averted being withdrawn from school and early marriage with the help of the mentor and community head.
== There were cases where the mentor becomes a mediator between a girl and their mothers or father. Some of the girl are from broken home and lives with either mother father.
== Through the intervention of the mentors, the girls were able to open up to their parent and peace reigned.
== The girls are more attentive and outspoken now in school and their classes
== Their academic performance has improved
== The session created an avenue for the girls to open up to the mentors on personal issues. The session created an avenue for the mentor to meet with a parent with the agreements of the students.
